Mr. Scott Wilcox
Ms. Sandy Davidson
EA Engineering Science and Technology
3841 N. Freeway Blvd, Ste. 145
Sacramento, CA 95834

Dear Mr. Wilcox and Ms. Davidson:

I wanted to thank you and the EA staff for your work last year in the CALFED Ecosystem Restoration Coordination Program. You and the staff support from EA enabled CALFED to meet tight time-lines and provide quality products to the CALFED Policy Group and Ecosystem Restoration Roundtable, our stakeholder advisory group. The extra effort you put into the document preparation, attention to detail, and positive attitude made a very difficult project enjoyable and one I was proud to complete. Your participation and support during the allocation of the first \$70 million in early ecosystem funding was a key component of the success of this program.

I look forward to other opportunities to work with you and EA as CALFED completes its planning process and moves into full implementation.

Sincerely,

Kate Hansel
Assistant Director
